# PKI Interoperability

# PKI Interoperability

E-commerce Law

- ❖ Iran is very interested to establish a trust relationship to meet the requirements of interoperability and agreed implementation solutions between its CAs and other countries particularly those that are the largest trading partners of Iran.
  - The validation and acceptance of digital certificates issued by foreign certificate authorities shall be subject to a mutual agreement between Iran's Root CA and the foreign certificate authority with consideration of the reciprocity principle and approval of digital certificate policy council.
